FINAL ACTION

Applicants' amendment of 7-29-03 have been considered. The amended claims introduce a proviso and variable "R^{2a}" that are not supported in the original disclosure. Thus, the amendment introduces new matter.

Claims 1, 5-14, and 16-19 are pending.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

New Matter: Claims 1, 5-14, and 16-19 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claims 1 and 18 recite a proviso for R², which does not have support in the original disclosure. Note, even negative limitation requires description, *Ex Parte Grasselli*, 231 USPQ 393.

Claims 1 and 18 also recite a new variable of R^{2a}, which is not in the original disclosure. Furthermore, the scope of R^{2a} is also different with R² because it includes C₁₋₃alkylthio,

$R^{5a}(CH_2)_{za}X^{1a}$, etc., which are not in the definition of R^2 . Thus, said claims introduce new matter.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
